

UK Modern Slavery Act Transparency Statement

This statement is made on behalf of Blue Owl Capital UK Limited (“Blue Owl UK” and/or “we”), pursuant to Section 54 of the UK Modern Slavery Act 2015. At Blue Owl UK, we are fully committed to preventing modern slavery and human trafficking across our operations and supply chains.

This statement outlines the steps we have taken during the last financial year to aim to prevent slavery and human trafficking within our business or in our supply chain.

Business structure and operations

Blue Owl Capital Inc. (“Blue Owl”) is a leading global alternative asset manager. Blue Owl deploys private capital across Credit, GP Strategic Capital, and Real Assets platforms on behalf of institutional and private wealth clients. As an alternative asset manager, our supply chain primarily involves professional service providers, office supplies, catering, technology vendors, and other business partners.

The principal activity of Blue Owl UK is to provide investment advisory and distribution services to its indirect parent Blue Owl Capital Holdings LP and its subsidiaries, which include but are not limited to the provision of investment advice, arranging transactions to be executed by or on behalf of Blue Owl funds, and certain other related services.

Policies and governance

Blue Owl’s Code of Business Conduct (the “Code”) reinforces our commitment to maintain the highest standards of honest conduct and business ethics. The Code formalizes our commitment to conduct our business operations in a manner consistent with applicable laws and regulations and sets out the standards of behavior expected from our employees, officers, and directors.

Additionally, the Code includes sections on Anti-Bribery and Corruption, Whistleblower and Equal Opportunity and Harassment. The Code is reviewed regularly to ensure it remains up-to-date and reflective of current legislation and best practices, including with respect to legal and regulatory requirements related to modern slavery and human trafficking. The Code and the relevant sections are available [here](#).

Risk assessment and due diligence

Given the nature of Blue Owl UK’s operations and based on our main suppliers being professional service contractors, certain higher risk factors (hazardous, low skilled, manual and/or low paid types of work) and higher risk sectors (e.g. domestic work, construction, agriculture), as outlined in the UK Government’s Modern Slavery Assessment Tool, are not present. Therefore, we have determined that the risk of modern slavery and human trafficking is low. However, we recognize our responsibility to help ensure that our business and supply chains remain free from any form of forced or involuntary labor and human trafficking.

Our focus is on any potential high-risk areas, including vendors and service providers in regions or industries where modern slavery risks are higher.

UK Modern Slavery Act Transparency Statement

Training and awareness

Blue Owl UK has committed to providing training covering the Modern Slavery Act to relevant employees in 2025.

Measuring effectiveness

To date, we have identified no instances of modern slavery or human trafficking in our operations or supply chain. Blue Owl has a vendor onboarding diligence process through which relevant reviews (e.g., sanctions screening) are completed with respect to certain prospective vendors as appropriate.

Ongoing commitment

Blue Owl remains committed to continually improving our practices and policies to help ensure that modern slavery and human trafficking have no place in our business or supply chain. We will continue to review and enhance our risk management processes, due diligence procedures, and employee training to maintain our leadership in ethical business conduct, as appropriate.

Approval

This statement has been approved by the Board of Directors of Blue Owl Capital UK Limited and will be reviewed annually. The statement is signed by a senior executive to demonstrate Blue Owl UK's commitment to preventing modern slavery and human trafficking.
