Past performance is not a guarantee of future results. OBDC II and OTF are currently closed to new equity investors. The views expressed are Credit's views as of the date of this presentation and may change without notice as market and other conditions change. All investments involve risk including potential loss of principal. **1.** Net of cash. **2.** As a % of outstanding principal. **3.** Subsequent to quarter-end, paid down \$142mm July 2025 Notes (4/28/2025) and issued \$500mm notes due July 2030 (5/12/2025).

Blue Owl's BDCs

Attributes of Blue Owl's BDCs in Today's Market

Highly Diversified Portfolios

Average position size of **1-2%** of total portfolio

Upper Middle Market Focus

Weighted average portfolio company EBITDA of **~\$260 million¹**

Left Lead & Admin Agent

Sole lender on **~90%²** of deals and administrative agent on **~65%²** transactions

Strong Portfolio Company Interest Coverage

Average interest coverage of **1.8x¹** for our BDCs

Defensively Structured Investments

Low LTVs averaging approximately **39%¹** across our BDC portfolios
Annual net loss rate of **8 basis points** since inception of direct lending business³

Low BDC Leverage

Average net leverage of **0.78x** across our BDCs
Regulatory cap on leverage of 2:1 for our BDCs except OBDC II (1:1)

High Portfolio Overlap

70%+ overlap of investments across all credit BDCs

Large Equity Base

Permanent equity capital provides substantial cushion for bondholders

Past performance is not a guarantee of future results. The views expressed are Credit's views as of the date of this presentation and may change without notice as market and other conditions change. All investments involve risk including potential loss of principal. Diversification does not guarantee a profit or protect against a loss in a declining financial market. **1.** Borrower financials are derived from the most recently available portfolio company financial statements, have not been independently verified by Blue Owl's Credit platform, and may reflect a normalized or adjusted amount. Accordingly, Blue Owl's Credit platform makes no representation or warranty in respect of this information. For OBDC, OBDC II, and OCIC, this represents 93.7%, 95.7%, and 92.5% of our total debt portfolio based on fair value, respectively, and excludes certain investments that fall outside of our typical borrower profile. For OTF and OTIC, this represents 82.1% and 94.5% of our total portfolio based on fair value, respectively, and similarly excludes certain investments that fall outside of our typical borrower profile. **2.** Includes co-lead positions. As of 3/31/2025. **3.** Average annual net loss rate across the Blue Owl Credit platform based on total annual net realized losses across all investments divided by the average aggregate quarterly cost of investments. The net loss rate is based on the average net loss rates in each year since inception from 2016 to 1Q25.

Past performance is not a guarantee of future results. OBDC II and OTF are currently closed to new equity investors. 1. Weighted average fair value of debt investments as a percentage of principal. 2. Borrower financials are derived from the most recently available portfolio company financial statements, have not been independently verified by Blue Owl's Credit platform, and may reflect a normalized or adjusted amount. Accordingly, Blue Owl's Credit platform makes no representation or warranty in respect of this information. For OBDC, OBDC II, and OCIC, this represents 93.7%, 95.7%, and 92.5% of our total debt portfolio based on fair value, respectively, and excludes certain investments that fall outside of our typical borrower profile. For OTF and OTIC, this represents 82.1% and 94.5% of our total portfolio based on fair value, respectively, and similarly excludes certain investments that fall outside of our typical borrower profile. 3. For non-stated rate income producing investments, computed based on (a) the dividend or interest income earned for the respective trailing twelve months ended on the measurement date, divided by (b) the ending fair value. In instances where historical dividend or interest income data is not available or not representative for the trailing twelve months ended, the dividend or interest income is annualized. 4. Based on loans classified as traditional financings. Traditional financings are typically senior secured loans primarily in the form of first lien loans (including "unitranche" loans, which are loans that combine both senior and subordinated debt, generally in a first lien position) and second lien loans.

BDC Portfolio Update

OBDC Portfolio Highlights

Industry Diversification:

As of 3/31/25. Based on fair value.

¹. Borrower financials are as of the latest available, typically a quarter in arrears. Excludes certain investments that fall outside of our typical borrower profile. Includes portfolio companies representing 93.7% of our total debt portfolio based on fair value. ². For non-stated rate income producing investments, computed based on (a) the dividend or interest income earned for the respective trailing twelve months ended on the measurement date, divided by (b) the ending fair value. In instances where historical dividend or interest income data is not available or not representative for the trailing twelve months ended, the dividend or interest income is annualized. ³. "Net LTV" represents the net ratio of "loan to value" for each portfolio company, weighted based on the fair value of OBDC's loan investment. The "attachment point" is the principal amount of debt that is senior to OBDC's loan investment, and that amount plus the principal amount of the loan in which OBDC invested and other equally ranked debt is the "last dollar" amount. "Value" represents an estimate of enterprise value of each portfolio company, a calculation that will vary by portfolio company.

OBDC II Portfolio Highlights

Industry Diversification

As of 3/31/2025. Based on fair value. Numbers may not sum due to rounding.

¹ Borrower financials are as of the latest available, typically a quarter in arrears. Excludes certain investments that fall outside of our typical borrower profile. Includes portfolio companies representing 95.7% of our total debt portfolio based on fair value ². For non-stated rate income producing investments, computed based on (a) the dividend or interest income earned for the respective trailing twelve months ended on the measurement date, divided by (b) the ending fair value. In instances where historical dividend or interest income data is not available or not representative for the trailing twelve months ended, the dividend or interest income is annualized. ³ "Net LTV" represents the net ratio of "loan to value" for each portfolio company, weighted based on the fair value of OBDC II's loan investment. The "attachment point" is the principal amount of debt that is senior to OBDC II's loan investment, and that amount plus the principal amount of the loan in which OBDC II invested and other equally ranked debt is the "last dollar" amount. "Value" represents an estimate of enterprise value of each portfolio company, a calculation that will vary by portfolio company. ⁴ <1% as of 3/31/2025.

OCIC Portfolio Highlights

Industry Diversification

As of 03/31/25. Based on fair value. Totals may not sum due to rounding.

¹ Borrower financials are as of the latest available, typically a quarter in arrears. Excludes certain investments that fall outside of our typical borrower profile. Includes portfolio companies representing 92.5% of our total debt portfolio based on fair value ² For non-stated rate income producing investments, computed based on (a) the dividend or interest income earned for the respective trailing twelve months ended on the measurement date, divided by (b) the ending cost or fair value. In instances where historical dividend or interest income data is not available or not representative for the trailing twelve months ended, the dividend income is annualized. ³ "Net LTV" represents the net ratio of "loan to value" for each portfolio company, weighted based on the fair value of OCIC's loan investment. The "attachment point" is the principal amount of debt that is senior to OCIC's loan investment, and that amount plus the principal amount of the loan in which OCIC invested and other equally ranked debt is the "last dollar" amount. "Value" represents an estimate of enterprise value of each portfolio company, a calculation that will vary by portfolio company.

PROPRIETARY AND CONFIDENTIAL

OCIC Share Repurchase Program

Summary

- Share repurchase program for no more than 5% quarterly of outstanding common stock (20% annually)
- Ability to accept an additional 2% of shares outstanding pursuant to Rule 13e-4(f)(1)(ii) without having to extend the tender process
- Repurchases are made at the current net offering price/share of the applicable share class

Numbers in graph in millions.

PROPRIETARY AND CONFIDENTIAL

OTF Portfolio Highlights

Industry Diversification (By End Market)

As of 3/31/2025. **Past performance is not a guarantee of future results.** Based on fair value. Totals may not sum due to rounding.

¹. Borrower financials are as of the latest available, typically a quarter in arrears. Excludes certain investments that fall outside of our typical borrower profile. Includes portfolio companies representing 82.1% of our total debt portfolio based on fair value ². For non-stated rate income producing investments, computed based on (a) the dividend or interest income earned for the respective trailing twelve months ended on the measurement date, divided by (b) the ending fair value. In instances where historical dividend or interest income data is not available or not representative for the trailing twelve months ended, the dividend or interest income is annualized. ³. "Net LTV" represents the net ratio of "loan to value" for each portfolio company, weighted based on the fair value of OTF's loan investment. The "attachment point" is the principal amount of debt that is senior to OTF's loan investment, and that amount plus the principal amount of the loan in which OTF invested and other equally ranked debt is the "last dollar" amount. "Value" represents an estimate of enterprise value of each portfolio company, a calculation that will vary by portfolio company. ⁴. <1% as of 3/31/2025.

OTIC Portfolio Highlights

Industry Diversification (By End Market)

As of 3/31/25. **Past performance is not a guarantee of future results.** Based on fair value.

¹. Borrower financials are as of the latest available, typically a quarter in arrears. Excludes certain investments that fall outside of our typical borrower profile. Includes portfolio companies representing 94.5% of our total debt portfolio based on fair value ². For non-stated rate income producing investments, computed based on (a) the dividend or interest income earned for the respective trailing twelve months ended on the measurement date, divided by (b) the ending fair value. In instances where historical dividend or interest income data is not available or not representative for the trailing twelve months ended, the dividend or interest income is annualized. ³. "Net LTV" represents the net ratio of "loan to value" for each portfolio company, weighted based on the fair value of OTIC's loan investment. The "attachment point" is the principal amount of debt that is senior to OTIC's loan investment, and that amount plus the principal amount of the loan in which OTIC invested and other equally ranked debt is the "last dollar" amount. "Value" represents an estimate of enterprise value of each portfolio company, a calculation that will vary by portfolio company. ⁴. <1% as of 3/31/2025.

Approach to Financing & Liquidity

Debt Financing Sources Vary Throughout Life Cycle of Fund

Blue Owl BDCs Approach to Financing Is:

- ✓ Deliberate
- ✓ Proactive
- ✓ Maximizes Flexibility
- ✓ Diversifies Funding Sources

Subscription Line	Allows ramping fund quick access to capital, bridges capital calls, typically limited to early in the fund's life
Revolving Credit Facility	Low cost, flexible, important bank capital; overcollateralizes unfunded commitments; advance against multiple asset classes
SPV	Bilateral
	Criteria
CLO	Limited mark-to-market; deal-by-deal approval
	No mark-to-market; does not require deal-by-deal approval
Unsecured	Low cost, flexible / efficient funding and non-mark-to-market
	Low cost, greatest flexibility, no mark-to-market exposure, target 35 – 50% of Blue Owl BDC debt stack

Financing Breakdown (% Committed)

Data as of 3/31/25. Numbers may not add to 100% due to rounding. ¹ Subsequent to quarter-end, paid down \$142mm July 2025 Notes (4/28/2025) and issued \$500mm notes due July 2030 (5/12/2025).

PROPRIETARY AND CONFIDENTIAL

Blue Owl's Approach to Leverage

Blue Owl's Leverage Principles

- Manage leverage at conservative levels
- Limit mark-to-market risk with a goal to enhance defensibility
- Match duration on left and right side of balance sheet
- Diversify across facility type and lenders
- Tailor bespoke facilities to fit individual fund characteristics
 - Stage of fund life cycle (ramping vs. mature), nature of fund (private fund vs. BDC) and nature of underlying investments
- Seek to optimize cost of capital

Net Debt¹ Leverage Consistently within Target Range

Note: Maximum regulatory leverage is in relation to gross debt. Data as of 12/31/24 and 3/31/25. 1. Net of cash 2. Maximum regulatory leverage for OBDC II is 1.0x.
PROPRIETARY AND CONFIDENTIAL

Excess Liquidity Provides Financial Flexibility

Blue Owl carefully considers our unfunded portfolio company commitments for purposes of planning ongoing financial leverage

150% Asset Coverage Limitation¹

Types of Unfunded Commitments:

Delayed Draw Term Loans

- Specific use of proceeds parameters (typically tied to acquisitions)
- Single use (once drawn, cannot be repaid and redrawn)

Revolving Credit Facilities

- No defined parameters for use of proceeds (typically general corporate purposes)
- Revolving in nature (can be drawn)

¹ OBDC II asset coverage limitation is 200%.

Commitment to Maintaining Investment Grade Ratings

As cited by the ratings agencies¹, Blue Owl BDCs possess the following qualities:

Solid, Well-Diversified Asset Quality

Access to OWL's Investment Resources

Experienced Management Team

Senior Investment Focus

Ample Liquidity vs. Unfunded Commitments

35 – 50%+ Unsecured Target

Low Leverage (0.9x – 1.25x long term target)

Appropriate Asset Coverage Cushion (150%+)

All Five BDCs are Investment Grade Rated

Note: A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at anytime. ¹Ratings agencies include Moody's, S&P, Fitch, KBRA, and DBRS.

As of 5/12/2025. Credit ratings are provided by third parties, are inherently subjective and may be revised or withdrawn at any time by the issuing organization in its sole discretion. Credit ratings are not investment advice and should not be viewed as a recommendation to buy, sell, or hold securities. Credit ratings do not guarantee that a financial obligation will be repaid. There can be no assurance that our credit ratings will remain for any given period of time or that such credit ratings will not be lowered or withdrawn entirely by the rating agencies if in their judgment future circumstances relating to the basis of the credit ratings, such as adverse changes in our company, so warrant.

Important Information

Unless otherwise noted the Report Date referenced herein is as of March 31st, 2025.

Past performance is not a guarantee of future results.

The information contained in this presentation should be viewed in conjunction with the Company's most recently-filed Quarterly Report on Form 10-Q or Annual Report on Form 10-K. The information contained herein may not be used, reproduced or distributed to others, in whole or in part, for any other purpose without the prior written consent of the Company.

This presentation contains proprietary information regarding Blue Owl Capital Inc. ("Blue Owl"), its affiliates and investment program, funds sponsored by Blue Owl, including the Credit Funds, the GP Strategic Capital Funds and the Real Asset Funds (collectively the "Blue Owl Funds") as well as investment held by the Blue Owl Funds. This presentation and the information contained in this presentation may not be reproduced or distributed to persons other than the recipient or its advisors.

This investor presentation may contain forward-looking statements that involve substantial risks and uncertainties. You can identify these statements by the use of forward-looking terminology such as "may," "will," "should," "expect," "anticipate," "project," "target," "estimate," "intend," "continue," or "believe" or the negatives thereof or other variations thereon or comparable terminology. You should read statements that contain these words carefully because they discuss our plans, strategies, prospects and expectations concerning our business, operating results, financial condition and other similar matters. These statements represent the Company's belief regarding certain future events that, by their nature, are uncertain and outside of the Company's control. Any forward-looking statement made by us in this presentation speaks only as of the date on which we make it. Factors or events that could cause our actual results to differ, possibly materially from our expectations, include, but are not limited to, the risks, uncertainties and other factors we identify in the sections entitled "Risk Factors" and "Cautionary Statement Regarding Forward-Looking Statements" in filings we make with the Securities and Exchange Commission, and it is not possible for us to predict or identify all of them. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

The views expressed and, except as otherwise indicated, the information provided are as of the Report Date and are subject to change, update, revision, verification, and amendment, materially or otherwise, without notice, as market or other conditions change. Since these conditions can change frequently, there can be no assurance that the trends described herein will continue or that any forecasts are accurate.

This presentation contains information from third party sources which Blue Owl has not verified. No representation or warranty, express or implied, is given by or on behalf of the Blue Owl Entities as to the accuracy, fairness, correctness or completeness of the information or opinions contained in this presentation and no liability whatsoever (in negligence or otherwise) is accepted by the Blue Owl Entities for any loss howsoever arising, directly or indirectly, from any use of this presentation or its contents, or otherwise arising in connection therewith.

Performance Information: Where performance returns have been included in this presentation, Blue Owl has included herein important information relating to the calculation of these returns as well as other pertinent performance related definitions.

All investments are subject to risk, including the loss of the principal amount invested. These risks may include limited operating history, uncertain distributions, inconsistent valuation of the portfolio, changing interest rates, leveraging of assets, reliance on the investment advisor, potential conflicts of interest, payment of substantial fees to the investment advisor and the dealer manager, potential illiquidity, and liquidation at more or less than the original amount invested. Diversification will not guarantee profitability or protection against loss. Performance may be volatile, and the NAV may fluctuate.

This material is for informational purposes only and is not an offer or a solicitation to sell or subscribe for any fund and does not constitute investment, legal, regulatory, business, tax, financial, accounting, or other advice or a recommendation regarding any securities of Blue Owl, of any fund or vehicle managed by Blue Owl, or of any other issuer of securities. Only a definitive offering document (i.e.: Prospectus or Private Placement Memorandum) can make such an offer.
