

Owl Rock Capital Corporation II

Portfolio Holdings | 2Q 2021

Owl Rock Capital Corporation II (“ORCC II”) is a private credit strategy structured as a non-traded business development company¹ that offers the potential to generate income by originating loans to, and making debt investments in, U.S. middle market companies. ORCC II seeks to leverage Blue Owl’s significant institutional backing and deep relationships in the private equity market to generate investment opportunities that have attractive risk-adjusted return potential.

Footnotes

1. Business development companies (BDCs) were established by Congress in 1980 to encourage the flow of capital to small- and medium-size American companies to help them grow. They provide investors with exposure to investments in predominantly private companies, which are typically difficult to access.
2. Based on fair value and shown net of unfunded commitment amounts. Fair Value is determined in good faith by ORCC II's board of directors and reviewed by the adviser's valuation committee. Valuations may change over time. Revenue and EBITDA exclude certain investments that fall outside our typical borrower profile. Figures represent weighted averages of 90.3% of ORCC II's portfolio.
3. "Direct Origination" refers to investments sourced by Owl Rock Capital Advisors LLC from private equity firms, portfolio companies, or other direct lenders. Data represents total portfolio.
4. These are "Doing Business As" (DBA) names. Please refer to the Owl Rock Capital Corporation II 10-K or 10-Q for actual borrower names. Holdings are subject to change and there is no assurance any investment will remain in our portfolio. Trader Interactive was formerly known as Dominion Web Solutions.
5. L = LIBOR (London Interbank Offered Rate), the average interest rate at which leading banks borrow funds of a sizeable amount from other banks in the London market. LIBOR is the most widely used "benchmark" or reference rate for short term interest rates. P = U.S. Prime Rate, the rate posted by a majority of top 25 (by assets in domestic offices) insured U.S.-chartered commercial banks. Prime is one of several base rates used by banks to price short-term business loans.
6. Other industries include 4% Specialty retail, 4% Healthcare equipment and services, 4% Aerospace and defense, 3% Education, 3% Distribution, 3% Professional services, 3% Financial services, 3% Transportation, 2% Household products, 2% Containers and packaging, 2% Oil and gas, 2%, 1% Automotive, 1% Leisure and entertainment, 1% Advertising and media, 1% Infrastructure and environmental services, <1% Energy equipment and services, <1% Telecommunications, and <1% Human resource support services. Diversification will not guarantee profitability or protection against loss. Industry breakdown may sum greater than 100% due to rounding.

Risk Factors

An investment in Owl Rock Capital Corporation II ("ORCC II") is speculative and involves a high degree of risk, including the risk of a substantial loss of investment, as well as substantial fees and costs, all of which can impact an investor's return. The following are some of the risks involved in an investment in ORCC II's common shares; however, an investor should carefully consider the fees and expenses and information found in the "Risk Factors" section of the ORCC II prospectus before deciding to invest:

- You should not expect to be able to sell your shares regardless of how we perform and you should consider that you may not have access to the money you invest for an indefinite period of time. An investment in shares of our common stock is not suitable for you if you need access to the money you invest.
- We do not intend to list our shares on any securities exchange for what may be a significant time after the first closing of this offering, and we do not expect a secondary market in our shares to develop. As a result, you may be unable to reduce your exposure in any market downturn. If you are able to sell your shares before a liquidity event is completed, you will likely receive less than your purchase price.
- We have implemented a share repurchase program pursuant to which we intend to continue to conduct quarterly repurchases of a limited number of outstanding shares of our common stock. Our board of directors has complete discretion to determine whether we will engage in any share repurchase, and if so, the terms of such repurchase. We intend to limit the number of shares to be repurchased in each quarter to the lesser of (a) 2.5% of the weighted average number of shares of our common stock outstanding in the prior 12-month period and (b) the number of shares we can repurchase with the proceeds we receive from the sale of shares of our common stock under our distribution reinvestment plan. While we intend to continue to conduct quarterly tender offers as described above, we are not required to do so and may suspend or terminate the share repurchase program at any time.
- Distributions on our common stock may exceed our taxable earnings and profits, particularly during the period before we have substantially invested the net proceeds from our public offering. Therefore, portions of the distributions that we pay may represent a return of capital to you. A return of capital is a return of a portion of your original investment in shares of our common stock. As a result, a return of capital will (i) lower your tax basis in your shares and thereby increase the amount of capital gain (or decrease the amount of capital loss) realized upon a subsequent sale or redemption of such shares, and (ii) reduce the amount of funds we have for investment in portfolio companies. We have not established any limit on the extent to which we may use offering proceeds to fund distributions.
- Distributions may also be funded in significant part, directly or indirectly, from (i) the waiver of certain investment advisory fees, that will not be subject to repayment to our Adviser and/or (ii) the deferral of certain investment advisory fees that may be subject to repayment to our Adviser and/or (iii) the reimbursement of certain operating expenses, that will be subject to repayment to our Adviser and its affiliates. Significant portions of distributions may not be based on investment performance. In the event distributions are funded from waivers and/or deferrals of fees and reimbursements by our affiliates, such funding may not continue in the future. If our affiliates do not agree to reimburse certain of our operating expenses or waive certain of their advisory fees, then significant portions of our distributions may come from offering proceeds or borrowings. The repayment of any amounts owed to our affiliates will reduce future distributions to which you would otherwise be entitled.
- We have a limited operating history and we have not identified specific investments that we will make with the proceeds of this offering, so we may be considered a blind pool because an investor may not have the opportunity to evaluate historical data or assess future investments prior to purchasing our shares.
- The payment of fees and expenses will reduce the funds available for investment, the net income generated, the funds available for distribution and the book value of the common shares. In addition, the fees and expenses paid will require investors to achieve a higher total net return in order to recover their initial investment. Please see ORCC II's prospectus for details regarding its fees and expenses.
- We intend to invest in securities that are rated below investment grade by rating agencies or that would be rated below investment grade if they were rated. Below investment grade securities, which are often referred to as "junk," have predominantly speculative characteristics with respect to the issuer's capacity to pay interest and repay principal. They may also be illiquid and difficult to value.

Important Information

Unless otherwise indicated, the Report Date reference is 6/30/2021.

Past performance is not a guide to future results and is not indicative of expected realized returns.

Assets Under Management (“AUM”) refers to the assets that we manage and are generally equal to the sum of (i) net asset value (“NAV”); (ii) drawn and undrawn debt; and (iii) uncalled capital commitments.

This presentation contains confidential and proprietary information regarding Blue Owl Capital Inc. (“Blue Owl”), its affiliates and investment program, funds sponsored by Blue Owl, including the Owl Rock Funds and the Dyal Funds (collectively the “Blue Owl Funds”) as well as investment held by the Blue Owl Funds. This presentation and the information contained in this presentation may not be reproduced or distributed to persons other than the recipient or its advisors, to the extent they are bound by a duty of confidentiality.

The views expressed and, except as otherwise indicated, the information provided are as of the report date and are subject to change, update, revision, verification, and amendment, materially or otherwise, without notice, as market or other conditions change. Since these conditions can change frequently, there can be no assurance that the trends described herein will continue or that any forecasts are accurate. In addition, certain of the statements contained in this presentation may be statements of future expectations and other forward-looking statements that are based on the current views and assumptions of Blue Owl and involve known and unknown risks and uncertainties (including those discussed below) that could cause actual results, performance, or events to differ materially from those expressed or implied in such statements. These statements may be forward-looking by reason of context or identified by words such as “may, will, should, expects, plans, intends, anticipates, believes, estimates, predicts, potential or continue” and other similar expressions. Neither Blue Owl, its affiliates, nor any of Blue Owl’s or its affiliates’ respective advisers, members, directors, officers, partners, agents, representatives or employees or any other person (collectively the “Blue Owl Entities”) is under any obligation to update or keep current the information contained in this document.

This presentation contains information from third party sources which Blue Owl has not verified. No representation or warranty, express or implied, is given by or on behalf of the Blue Owl Entities as to the accuracy, fairness, correctness or completeness of the information or opinions contained in this presentation and no liability whatsoever (in negligence or otherwise) is accepted by the Blue Owl Entities for any loss howsoever arising, directly or indirectly, from any use of this presentation or its contents, or otherwise arising in connection therewith.

Performance Information: Where performance returns have been included in this presentation, Blue Owl has included herein important information relating to the calculation of these returns as well as other pertinent performance related definitions.

All investments are subject to risk, including the loss of the principal amount invested. These risks may include limited operating history, uncertain distributions, inconsistent valuation of the portfolio, changing interest rates, leveraging of assets, reliance on the investment advisor, potential conflicts of interest, payment of substantial fees to the investment advisor and the dealer manager, potential illiquidity, and liquidation at more or less than the original amount invested. Diversification will not guarantee profitability or protection against loss. Performance may be volatile, and the NAV may fluctuate.

This presentation is for informational purposes only and is not an offer or a solicitation to sell or subscribe for any fund and does not constitute investment, legal, regulatory, business, tax, financial, accounting, or other advice or a recommendation regarding any securities of Blue Owl, of any fund or vehicle managed by Blue Owl, or of any other issuer of securities. **Only the ORCIC Prospectus can make such an offer. Neither the Securities and Exchange Commission, the Attorney General of the State of New York nor any state securities commission has approved or disapproved of these securities or determined if the Prospectus is truthful or complete. Any representation to the contrary is a criminal offense. Capital commitments may be solicited through Blue Owl Securities LLC, Member of FINRA/SIPC, as Dealer Manager.**
